Substance of Interview
 (For each issue discussed, provide a detailed description and indicate if agreement was reached. Some topics may include: identification or clarification of a reference or a portion thereof, claim interpretation, proposed amendments, arguments of any applied references etc...)

The examiner indicated that the amendments to the specification submitted on 12/09/2003 where unclear the instructions stated that the new text should be included on page 10 between paragraphs 4 and 5 however there are only 3 complete paragraphs in the original specification submitted on 07/20/2000. Also the amendment to the specification included new tables 1-4, and the original specification already included tables 1-3. The examiner contacted Applicant's attorney on 02/18/2013 and indicated that a new specification was needed; after several attempts the examiner has not received any response from Applicant's representative. The examiner has approved changes to the specification as indicated on the "Amended Specification" included in this Corrected Notice of Allowability.

Applicant recordation instructions: It is not necessary for applicant to provide a separate record of the substance of interview.

Examiner recordation instructions: Examiners must summarize the substance of any interview of record. A complete and proper recordation of the substance of an interview should include the items listed in MPEP 713.04 for complete and proper recordation including the identification of the general thrust of each argument or issue discussed, a general indication of any other pertinent matters discussed regarding patentability and the general results or outcome of the interview, to include an indication as to whether or not agreement was reached on the issues raised.
